

KAITTING'S BEARINGS

Bearings - Belting - Power Transmission

COMPANY OVERVIEW

Serving Canada's Industry

SERVICING A WIDE RANGE OF INDUSTRIES

Kaitting's supports the manufacturing and maintenance operations of businesses in virtually every industry segment. We offer technical expertise, repair services and a complete offering of bearings, belting and power transmission components.

Heavy Duty Truck

Mining & Construction

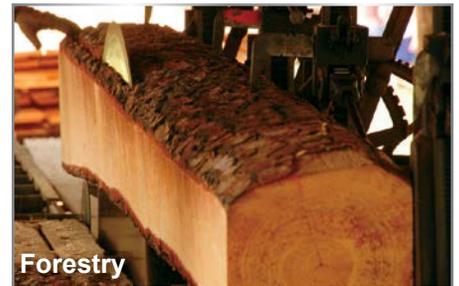

Agriculture

Aggregates

Primary Metal Processing

Forestry

KEY INDUSTRIES

Aggregates
Agriculture
Automotive Manufacturing
Electric Motor
Entertainment
Food & Beverage
Forestry, Pulp & Paper

Gearbox
Heavy Duty Truck
Injection Moulding
Machine Tool
Medical
Mining & Construction
Primary Metal Processing

Pumps & Compressors
Oil & Gas
Rail & Transit
Textiles
Waste Water Treatment
Wind Energy

BEARINGS

Ball & Roller Bearings
Cam Followers
Plastic Conveyor
Mounted Units
Needle Bearings
Rod Ends
Spindle Bearings
Sleeve Bearings
Bearing Tools

BELTING & CONVEYOR PRODUCTS

Conveyor Belting

Cleated
Elevator
Perforated

Food handling Belting

Modular Plastic
Wire Mesh

Conveyor Components

Casters & Wheels
Conveyor Rollers
Drum Pulleys
Take Up Frames
Wing Pulleys

POWER TRANSMISSION

AC/DC Electric Motors
Adjustable Speed Drives
Chain & Sprockets
Clutches & Brakes
Couplings
Machine Screw Jacks
Open Gearing
Speed Reducers
Synchronous Drives
Tension Devices
Variable Speed Drives
V Belt Drives

LINEAR MOTION

Actuators
Ball Bushings
Ball Screws
Linear Units
Positioning Slides
Profile Rail Linear Guides
Precision Actuators
Shafting, Rails & Carriages
True Planetary Gear-Heads

RETAINING & SEALING

Bearing Isolators
Compression Packing
Gasketing Products
Locknuts & Lock-Washers
Oil Seals & O Rings
Retaining Rings
Shaft Collars
Shaft Locking Devices

PRECISION LUBRICATION

Automated Replenishment
Bulk Dispensing
Greases & Oils
Pumping Equipment
Related Tools

MRO SUPPLIES

Abrasives
Adhesives & Sealants
Aerosol Products
Cleaning Supplies
Gloves
Hand & Power Tools
Tool Boxes

A STELLAR REPUTATION FOR SERVICE RESPONSE

Whether you need on-site applications analysis and/or detailed technical assistance relating to the use of a specific product, 3D CAD drawing and modelling, or a combination of these services, our team is mobile and ready to assist.

Engineering Support

Machining Services

Free Local Delivery
